The Renforth Boat Club had its start in the early seventies and its membership built the Club. Members operate and maintain all aspects of the boat club, performing all the tasks necessary for continuing operations. They keep the **clubhouse** clean and tidy by taking turns doing the mundane jobs of cleaning dishes and toilets, painting the buildings, shingling the roof; and maintaining grounds, driveway and parking lot - summer and winter. They also do **administration**: collect dues, pay bills and banking. They help with **moorings** and placement of dinghy docks and the maintenance of the **storage yard and facilities**. They host parties and **social** functions. These are just some of the tasks performed by the membership.
